Carol Rayburn and her team got my wife and I our dream home in Cerritos. She got us moved in with in 26 days. She helped us decide all the way through smoothly and no pressure at all. I thought i couldn't afford the 3 bed 3 bath pool house in a neighborhood like cerritos.

But her team especially her finance expert David Krolikowski beat out my Credit Union point for point. It was a funny 2 hour bidding war between bankers wherein Century 21 Finance vs Nuvision Credit union were going at it. My estimated monthly mortgage(taxes, pmi, insurance included) payment went from \$3700(credit union) down to \$3300(century 21 finance) per month. With of course, David K. of century 21 won it hands down. Nuvision Credit Union was very professional as well, where they had admitted that Century 21 finance offered a better deal and urged me to take it.

Carol's assistant Ju Gentry was so on-point with paperwork legalities that it sped up all the requirements needed to close.

These Century 21 aces are magnificent when it comes to real estate.

The best part about them is that even after you have acquired your dream home. They are still there for the little things like repairs or replacement that were on the gray area of the purchase. Her team always followed up with the minor maintenance work in the initial inspection and was very critical of termite repair required for the house.

I have been living in my new home for about 2 months now and i still call them for things i get in the mail. Just to check if they are legit or not. Surprisingly, they are still there answering my questions. I know most agents would have left me to dry after they have gotten there commission. But Carol's team and Century 21 Cerritos will never leave you hanging at all.

If its a worry free property purchase that you want go with Carol. Her Multi- Centurion (only 7 in the world get awarded these) awards and 2005 11th place in the USA for top sales person is not for entitlement only. It is because of the way she approaches people with humility, respect and bright business savvy that gets her up there.
